R58 TUNE

Re-engineered precision and design the next evolution of Rocket's dual- boiler legacy.

R58 TUNE evolves Rocket's dual-boiler platform with new TUNE technology for programmable pre-infusion and extraction.

A magnetically mounted touchscreen Communication Pod ensures intuitive, real-time control. Fast heat-up, PID precision, and a new push-turn knob streamline every workflow with effortless accuracy.

SPECIFICATIONS	
PID PRESSURE CONTROL	YES
SHOT TIMER	YES
COFFEE BOILER CAPACITY	0.58 L
STEAM BOILER CAPACITY	1.8 L
WATER TANK	1.9 L
WATER FEED HARD PLUMBING	YES
WATTAGE	20-240V | 50/60Hz | 1600W – 115V | 60Hz | 1600W
DIMENSIONS	335W* × 482D × 427H mm * 408 with display
WEIGHT	29 Kg

FEATURES

- Design by V12
- Dual Boiler
- Precision Infusion & Flow (TUNE)
- Fast Heat-Up Time
- Push-Turn Knob
- 3.5” Touch Display
- Communication Pod
